The President of the Bangalore City Municipal Council

No 268 Dated 2. 6. 22 Received 8 6 22

Diary No 7319 Enclos. 6 Spare Copies Serial No 43

BRIEF ABSTRACT OF LETTER

Submits for sanction a scheme for the revision of the scale of pay of the octroi establishment of the City Municipality at a reduced cost of Rs 17,844 a year and also for the entertainment of a temporary toll-gate establishment with incidental charges costing Rs 6,064/- with a view to manage the collection of tolls departmentally during the ensuing year instead of being, as hitherto done, out on contract.

NOTES AND ORDERS

GPB—20 000—8 8 14

G R. S III 2,

General and Revenue Secretariat | Rl File No. 31 of 1924

Serial No

The proposed revision of the establishment has been detailed in the Proposition statement accompanying the P W. D the objects and reasons for the proposed revision have given in the Paragraphs ibid.

2 The main feature of the revision to merge the high price allowance hitherto given to the Postal Officials into pay, as was done in the case of Govt Officials

3 The present strength of the postal establishment is 82 comprised of 1 Inspector, 1 Head clerk, 4 clerks 1 Asst Inspector, 26 Runners, 16 Bargastas and 33 Peons costing Rs 5257 a month including high price allowances. It is now proposed to add 1 Under Asstd Inspector, 2 Runners, 1 Clerk and 1 Peon and to revise the scale of pay by merging the high price allowances hitherto granted, so as to make the same so as to be on a par with the scale of pay of the postal staff of the C & M. Stations Umballa.

4 The total cost of the revision

Note—Contn. sheet

revised scheme is only Rs 1457/- a month, resulting in a monthly savings of Rs 39/-.

5 The proposed revision includes also a new scheme for the collection of toll departmentally during the next year, as is being done in the C & M. Stations instead of being leased out on contract, as hitherto ~~existing~~. The scheme is expected to bring in an enhanced income of Rs 35,000/- against an expenditure of Rs 6,064/2 a year.

6 For working out the above scheme it is proposed to employ a temporary staff consisting of 2 Asst Toll Inspectors and 22 peons in addition to utilising the services of some of the officials of the octroi establishment on payment of allowances for extra work amounting to Rs 127/- a month as detailed in the statement appended (P 7 & P)

7 The Municipal Council have approved of the combined scheme.

in its entirety.

¶ There is a provision of Rs 40,000/- for the proposed toll establishment in the next year's budget of the city municipality, against an expenditure of Rs 60,000 now proposed.

Submitted for orders.

16.6.44

¶ The proposals include the raising of the scale of pay of the Chief Octroi Inspector from 70-5-100 to 100-10-150 so as to be on a par with the scale of pay of the Revenue Manager and the Office Manager of the City Municipality. This probably requires the sanction of His Highness

(Revsecy) 24/6/44

¶ The proposals may be sanctioned with the observation that the allowance re 'Tolls' will be allowed only so long as 'Tolls' are departmentally collected

B a n g a l o r e. (Mysore)

S i r,

I have the honor to state that the Municipal Council have at their meeting held on 24th April 1922 during the discussion of the Budget for 22-23 resolved that the collection of toll should be managed departmentally during the year 1922-23 instead of being leased out on contract.

2. Accordingly I prepared a scheme and the Council discussed it at the meeting held on 1st June 1922 and approved of it.

3. The note containing the scheme and the resolution of the Council are herein enclosed.

4. The financial effect of the scheme will be that the Octroi establishment as revised will cost Rs.17,844 a year instead of Rs.18,300/- a year at present and the temporary toll gate establishment Rs.5,064 a year. The printing and other contingent charges may come up to Rs.1,000/-.

5. The proposition statement of the revision of the Octroi Department and the statement of temporary establishment for the collection of toll are herein enclosed.

6. I request you to be so good as to kindly obtain the sanction of Government for the introduction of the scheme as

1. Revision of the Octroi Establishment and the entertainment of a temporary establishment etc. for the collection of toll at the gate for departmentally during the coming year 1922-23.

Resolution.-- Resolved that the note of the President regarding the Toll and Octroi Establishments be adopted in entirety with the suggestion that in the case of peons deserving persons be started on the minimum pay of Rs.12 per month instead of Rs.10 provision being made for necessary increase in the cost.

"C o p y"

President,
City Municipal Council,
Bangalore

Office of the City Municipal Council,
Bangalore City, 27th May 1922.

L o t o.

The Octroi and the Toll Gate Establishment.

1. "The draft budget for 1922-1923 as approved by the Managing Committee was adopted with the following modification -

As the collection of toll is to be managed departmentally the revenue under this head may be increased from Rs.29,000/- to Rs.35,000/- providing under the expenditure side under 'll collection & rents and other receipt' Rs.4,000/- on account of establishment charges."

2. Therefore the system of leasing out on rent the tolls levied at the different toll gates leading to the City which has been in vogue since the year 1900 is to be abolished from the 1st July 1922 and the necessary arrangements for the same have to be made immediately.

The receipts from tolls for the last 5 years from 1917-1918 to 1921-1922 are respectively as follows --

1917--1918	Rs.20,650/-
1918-1919	Rs.32,036/-
1919-1920	Rs.20,951/-
1920-1921	Rs.29,010/-
1921-1922	Rs.20,250/-

3. The Municipal Council are of opinion that it is possible to increase the receipts if the toll gates are managed by the Municipal staff under the direct supervision of the Municipal executive. A more important consideration than the more increase in collections which should weigh with the Councillors is the opportunity for illegal exactions which the contract system affords

to the contractors and their subordinates. Complaints are often heard from certain of the unjust exactions in the shape of firewood, ghee and grains and of money made every day by those in charge of toll gates. The Municipality has no effective control over the contractors' staff and the victims being mostly illiterate carmen, in a great hurry to go back to their villages, the chances of bringing home the guilt to the oppressors and dealing out deterrent punishment to them are very remote.

4. Further the existing system of farming out toll fees does not appear to be strictly legal. In Bombay this point was specifically raised and a new section 91 A was added to the B.M.L Act. Unless similar changes are made by the legislature in our Municipal regulation, the present contracts cannot be legally enforced.

5. In the Civil and Military Station the tolls are collected by the Municipal staff and are not leased out on contract Thus we will be following the same system during the next official year.

6. Regarding the establishment required under this head, it is proposed to utilise the services of the Octroi staff and to appoint temporarily for one year the number of additional hands required. As the Octroi establishment will have in future to do more work and as already there is a great deal of discontent among them owing to their scale of pay being less than that prevailing among the Octroi staff in the Civil and Military Station, the City Municipal Council deem it very essential to revise the scale of pay to improve the efficiency of the Octroi staff

7. The present strength of the Octroi establishment is as composed of 1 Inspector, 1 Head Clerk, 4 Clerks and 1 Assistant Inspector, 26 Mutsaddies, 16 Peigastias and 33 peons costing at present every month Rs.1,525/- including high price allowances. It is proposed to add 1 more Assistant Inspector, 2 new Mutsaddies and 1 peon for a new octroi and 1 more clerk and to revise the pay so as to obviate the necessity for high price allowances The total cost

a month of the revised scheme is only Rs.1,497/- effecting a reduction in monthly expenditure of Rs.30/-.

The following are the chief variations in the proposed scale of pay as compared with the existing one.-- (A) The pay of the Chief Octroi Inspector has been revised from 75-5-100 to 100-10-150 He is at present getting a high price allowance of Rs.10/- and a conveyance allowance of Rs.15/-. In the future it is proposed to give him Rs.25/- under the designation of conveyance allowance in addition to his pay. In the Civil and Military Station the Octroi Superintendent is getting a pay of Rs.150/- to 200/- plus a conveyance allowance of Rs.20/- though the income from Octroi in the Civil and Military Station is only half of that of the City. Further in the City municipality there are the Revenue Manager and the Office Manager and it is proposed to put the above 2 officers and the Chief Octroi Inspector on similar grades so that it may be possible for them to exchange places whenever in the interest of efficiency of service such a change becomes necessary. Otherwise the work in these branches is likely to deteriorate when the same individual is to continue therein all his life. The income from Octroi under the supervision of the Revenue Manager is about Rs.2 lakhs a year while the income from Octroi is about 24 lakhs. The Chief Octroi Inspector has to travel long distances frequently for purpose of inspection. As the scale of pay of the Revenue Manager the Office Manager now risen to a maximum of Rs.150/- a month the pay of Chief Octroi Inspector cannot reasonably be fixed at a lower scale.

(B) The scale of pay of Head Clerk is at present [illegible] 30-2 -40 and he is now getting a high price allowance of Rs.10/-. There will be no further prospects of promotion for him in the Octroi offices. And work in the absence of the Chief Octroi Inspector from the office on

inspection duty or on leave, the Head Clerk has also to attend to the routine work of the Chief Octroi Inspector. Therefore it is proposed to raise the scale of pay of the Head Clerk to Rs.45-2-60 1 and to abolish the high price allowance.

(C) The Assistant Railway Inspector is at present drawing being the maximum of his grade 20-2½-25 with the high price allowance of Rs.10/-. As he has arduous duties to perform and has to be present both during the day and the nights at the station and has to live either close to the station or keep a fast conveyance it is proposed to raise his pay to Rs.35/- and give him a house rent allowance of Rs.10/- on condition of his living near the Railway Station.

(D) In the case of Head Paigaties who are now getting 15 plus 3 and 12 plus 3 it is proposed to give them 20 and 18 with cycle allowance of Re.1 as they have to travel long distances every day. In the case of Paigaties and peons in lieu of high price allowances a better grade is provided. With respect to 10 Paigaties who are now drawing 9 plus 3, a scale of pay of Rs.10-1-12 has been introduced and most of them will be absorbed on 12/-. Also in the case of peons and orderlies instead of starting them on Rs.8 or 9 and giving them high price allowances a definite scale of Rs 10/- to begin with rising to Rs.12 has been provided. ~~[illegible]~~ If there are any literate and deserving ~~[illegible]~~ among them they will rise to the Office of the Muttaddies or Paigaties on Rs.15 per month.

9. Regarding the collection of tolls, the Municipality will utilise the services of only 41 men of the Octroi establishment composed of 1 Inspector, 4 Clerks, 21 Muttaddies and 15 peons and pay them allowances for this work in addition to their pay for octroi work amounting in all to Rs 127/- per month the Municipality

will also entertain additional temporary establishment purely for the collection of tolls, consisting of 2 Assistant Toll Inspectors and 32 peons costing Rs.235/- per month.

10. At present the number of sekads is 8 and there is a toll gate near every sekad, besides there are 7 toll gates in cross roads where there are no sekads, thus the total number of toll gates is 15. According to the new scheme there will be 9 sekads including one to be newly opened at the Empire Road, Kalleswaram and the 10 toll gates will be maintained.

11. From the 1st July 1922 in the 9 sekads which are also toll gates, the staff employed for the collection of Octroi and toll will consist of the following subordinate staff. At the 5 of the large sekads there will be in each 2 Mutsaddies and 3 peons and at the remaining 4 sekads there will not be in each 2 Mutsaddies and 2 peons. And at 5 toll gates in cross roads in which there are no sekads, there will be in each one peon and in Kumireddipalyam toll gate there will be 3 men. The supervising staff for the above will consist of 1 Octroi Inspector and 2 toll Inspectors and the clerical staff for the correspondence and the account work will consist of 1 Head Clerk, 5 Clerks and 1 Mutsaddy under the Chief Octroi Inspector. In the City Railway Station will be located 2 Inspectors, 3 Mutsaddies and 11 peons and in the City Octroi Office there will be 12 peons and 1 Mutsaddy and 2 peons in the Sendgd Wara House. There are 16 Policemen on detective duty. Thus the total number of men of both superior and inferior service will be 111.

12. The financial effect of the proposed scheme as the result of the combination of the collection of Octroi and tolls departmentally will be as follows -- for the Octroi work alone the proposed actual cost will be Rs.17,844/- a year as against Rs.14,340 a year at present effecting a savings of Rs.496/- a year. For the collection of tolls at present no cost is incurred, in the future the

the annual cost of establishment alone, exclusive of contingencies and printing charges etc, will be Rs.5,064/- a year as against an estimated income of about Rs.35,000/- a year.

13. The City Municipal Octroi scale will compare very favourably with the existing one in the Civil and Military Station. The collection of Octroi and toll at the Civil and Military Station during the year 1920-1921 was Rs.1,25,391/- and 21,696/- respectively and the expenditure was Rs.25,125/- for both For the City for the year 1922-1923 the receipts under the two heads may not fall below 2½ lakhs and 35,000/- respectively while the total charges amount to Rs.22,908/-. In other words for collecting more than double the amount collected by the Civil and Military Station, we will be incurring less annual expenditure than the Civil and Military Station.

14. Though the resolution of the Municipal Council of the 24th April 1922 limits the expenditure under tolls to Rs.4,000/- a year, the increase of Rs.1,064/- is due to the addition of Munireddipalya toll gate subsequently to the passing of the original resolution.

15. I may add that in framing the revised scale the orders of Government regarding the consolidation of allowances for high prices with pay, have been kept in view and the spirit of the Government orders has not been contravened.

16. In addition to the above increase of Rs 1,064/- a sum of about Rupees thousand may be required for printing the necessary receipt books etc, and for purchasing the requisite furniture and stationery for the various cokads and toll gates. Therefore the whole increase of Rs.6,000/- estimated under this head in receipts during the year 1922-23 may have to be spent during the year and this initial cost has to be incurred to secure the prospective further increase in future years.

17. Some new cokads will have to be built for which the mate-

materials available from dismantling the old City Market will be utilized and the cost of construction will be debited to the D.P W.
